NEAL'S CREEK NEWS

Belton, March 26.—Miss Alice Major, daughter of Mr. John Major, had a very painful accident Wednesday when a dog frightened his male. Mr. Major was about four miles from town and had gotten out of his buggy to throw some hay out of the road and just behind his buggy when the dog scared the mule. The mule turned around in the road and knocked Mr. Major down, bruising his head and sustaining a skull fracture.

The wounds are very painful they are not of a very serious nature. No damage was done to the buggy. Mr. Major has an automobile recently purchased for his mail trips. He was removing the rocks from the road to save the tires of his new machine when he received his injury.

CONCERNING CLEAN LIVER

Modern sanitation is a growing need. No man or woman can perform full duty to themselves or to others unless they keep themselves clean within.

Regularly take CARSWELL'S LIVER-AID and you will be a new being in this climate for it will cleanse your system as soap will cleanse your hands.

It generally acts RIGHT NOW on the liver and kidneys, and eliminates the poisons and accumulations. It is a pure VEGETABLE compound. No danger, no discomfort.

On sale at Frierson's Pharmacy, Belton, S. C. in 50 cent bottles. Purchase price refunded in full if you wish to try it. That's the way when you try this scientific remedy.

THE STANDPIPE MAN

Well, intelligent, I guess that I will have to start of this time by paying that some folks think that they have the eye. I just want to set one matter straight with the people and not have them looking at me one side for the things said about me to me for a few weeks ago.

The young man that is referred to in having written that article never in fact, wrote that article at all. It came to me as a clear thought and as I said in my last letter about the G. S. & A. the truth about it was that.

But my interest in Belton and not in who the governor appoints or disapproves. Belton now is on the top of the ladder in improvements. The city fathers are doing all they can for the town and seem to have the highest spirit in what they are doing.

I hear that the people will want a paper here. That they do want a paper there and that they will support it. Now let me see, how many papers are there in the paper business and one of them is the paper business and one of them is the paper business.

Mr. Frank Stansell and family have moved to our community from Greenville county, and are occupying a house on the farm of his father-in-law, Mr. Charlie Cobb.

Mrs. Frank Stansell of this place, has just assumed the care of a motherless infant, and a relative of the family. Mrs. Stansell is caring for her own infant about the same age, and we sincerely hope the little ones will do well.

Mrs. Moffatt Pruitt and her little daughter visited relatives in Anderson last week. Misses Minerva and Kate Kay of Anderson spent the week-end with Mrs. Charles Kay.

Mr. Charles Cobb has been awarded the contract for the building of cottages near Towaway Mills. Mr. Charles Cobb has two unusual domesticated, and probably tame, wild birds that he has raised.

Just received a new line of W. B. Corsets from \$1.00 to \$2.00. None better. 3-27-20-21. Belton Mercantile Co.

Just tell the folks around in your vicinity that I am still up and doing well. I will be glad to see you when I get ready for an attorney to help me out with my work. I will send for him and have him render professional service as that is his business.

By virtue of the power vested in me by the will of the late Mrs. J. H. Cobb, I will sell at public auction on Wednesday, April 1st, 1914, at the residence of the late Mrs. J. H. Cobb, on O'Neal Street, in the town of Belton, S. C., all her household effects.

Every Horse Should be Clipped

The leading horse authorities of the world and the most enlightened and progressive farmers and horse owners of every state and county, all agree that horses should be clipped regularly and especially in the spring of the year. If a horse's coat is trimmed it is a simple and easy matter to keep it clean. It dries out rapidly, it does not become the lodging place of dirt, and the horse looks better and feels better.
